

Chetan Sitaram Pawar

Navsari, Gujarat, India | +91 9099281970 | chetanpawar8125@gmail.com | [LinkedIn](#) | [GitHub](#)

Professional Summary

Detail-oriented and motivated BCA student with a strong foundation in Data Structures, DBMS, Computer Networks, and Operating Systems. Proficient in frontend development using React.js, JavaScript, HTML, and CSS, with working knowledge of backend technologies including PHP and MySQL. Familiar with building and managing CRUD-based web applications. Eager to start a career as a Software Developer Intern and contribute to real-world projects.

Education

Bachelor of Computer Applications (BCA)
Naran Lala College of Professional & Applied Sciences, Navsari

Veer Narmad South Gujarat Univeristy, Surat, Gujarat
July 2023 – May 2026 | CGPA : 7.76 | Percentage : 77.60

Experience

Frontend Developer Intern
Techfusion Technologies | Navsari
Oct 2025 – Dec 2025

- Developed responsive web pages using HTML5 and CSS3 (Flexbox, Grid)
- Implemented interactive features using JavaScript (ES6) and DOM manipulation
- Built reusable UI components using React.js (JSX, props, hooks)
- Developed Feedback Management System for dynamic data handling
- Implemented navigation using React Router DOM

Independent Learning (App Development)

Online Platforms | 2026 – Present

- Learned Dart and Flutter through self-directed study
- Built mini-projects to strengthen problem-solving and debugging skills

Technical Skills

- Languages: C, PHP, Python (Basics), JavaScript
- Frontend: React.js, HTML5, CSS3, Bootstrap, Tailwind CSS
- Backend: PHP, ASP.NET (Basics)
- Databases: MySQL, SQL Server, MongoDB
- Tools: Git, VS Code
- Core Concepts: DBMS, Object-Oriented Programming (OOP), Operating Systems

Projects

Royal Palace - Hotel Management System (Java, MySQL) | March 2025 – May 2025

- Built Java Swing-based Hotel Management System with MySQL database for customer check-ins, room management, and employee tracking.
- Implemented secure login for receptionists/admins, JDBC connectivity, and real-time data updates.
- Designed GUI forms for adding customers, drivers, and services with dynamic status tracking.
- Created relational schema with 11+ tables ensuring data integrity and role-based access.
- Developed features for checkout, room changes, and pickup/drop services using event-driven programming.

Class Throng – Student Attendance Management System (PHP, MySQL) | July 2026 – Apr 2026

- Developed a PHP/MySQL attendance management system with separate Admin, Faculty, and Student portals.
- Implemented role-based login and session control for secure navigation across dashboards.
- Built student attendance tracking, faculty attendance sheet generation, and PDF report export.
- Created study material access, notice board announcements, and feedback submission features.
- Integrated dynamic stream/semester/division selection and CRUD management for faculty and student records.

EduHub – Online Examination System (PHP, MySQL) | Mar 2026 – Apr 2026

- Built an online exam system using PHP, MySQL, HTML/CSS, and JavaScript.
- Implemented admin features for exam creation, question management, and result viewing.
- Added student workflow for registration, timed exam-taking, and automatic scoring.
- Integrated session-based role authentication for admin and student access control.
- Designed responsive UI with secure database interactions and result storage.

QuizForge – Quiz Platform (MEAN Stack)

- Built a full-stack quiz platform using Angular 18 frontend and Node.js/Express backend with MongoDB persistence.
- Implemented JWT-based authentication with role-based access control for `admin` and `player` users.
- Developed an admin quiz builder supporting dynamic questions, options, slugged quizzes, and publish workflow.
- Created quiz attempt flow with automatic scoring, negative marking, result evaluation, and user attempt history.
- Integrated secure API routes, CORS handling, and reusable Angular services and route guards for protected navigation.

Additional Strengths

- Strong problem-solving and analytical skills
- Quick learner with adaptability to new technologies
- Effective communication and teamwork abilities
